

Construction

AP Automation AI that is customizable to your construction business!

Ottimate for construction seamlessly integrates with your ERP to provide an easier end-to-end AP process.

Invoice Automation

Map invoices to your GL automatically with industry-leading AI machine learning.

2 & 3-Way PO Match

Automatically link invoices to the corresponding PO and receipt through AI and machine learning.

VendorPay

Schedule payments via check, ACH, or virtual card and earn cashback — with a single click.

Custom Approvals

Create rules by any dimension, project, job code, and more, ensuring every invoice & payment is approved.

AP Anywhere

Scan invoices, route for approval, message contractors, and approve payments from any job site.

Every project is different, so you need an AP Automation software that is completely customizable to your construction company's workflow and processes. Simply teach Ottimate how you operate, then automate it!
