## Enhanced ACH

AP & Payments are better when your info syncs directly to your accounting software and/or ERP — especially when you have the opportunity to earn revenue via cashback!

Spend **80% less time** on accounts payable & experience a better day-to-day!

### Faster Payments

Support expedited payments that in turn improve cash flow management that can happen from anywhere, at any time.

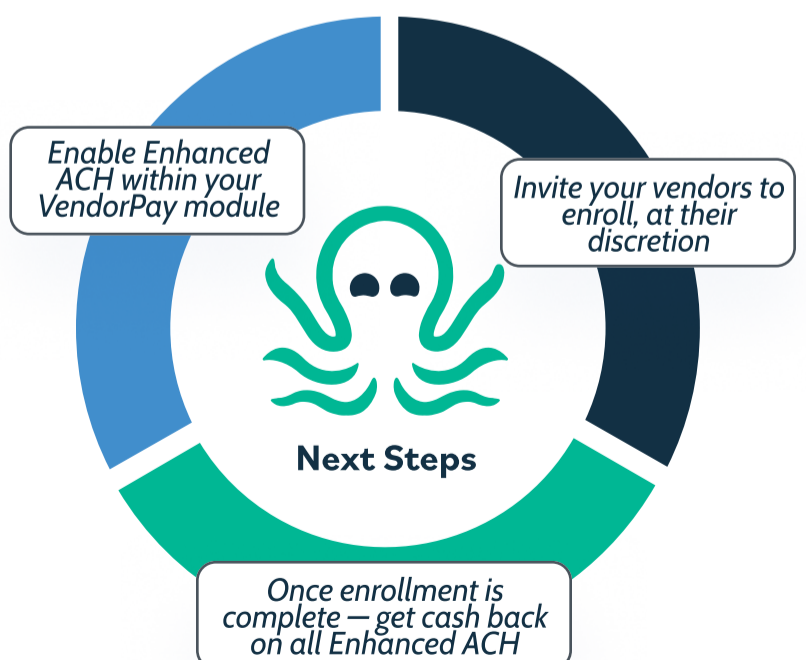

### Enriched Remittance Info

Utilize streamlined bank reconciliations & the ability to provide your vendors with remittance data that improves DSO.

### Accessible Vendor Portal

Your vendors can view payment information in one powerful platform that can be accessed around-the-clock.

After you add on Enhanced ACH, we take care of the rest:
